We offer **30 fully funded professional traineeship and/or research fellowship researchers, post-graduated students, young scientists, engineers and entry-level high skilled professionals coming from the Mediterranean Sea basin**. The activity aims at promoting the employability and the exchange of expertise in the blue growth sectors around the Mediterranean. Get your opportunity and [Apply now!](#)

TRAINING-OF-TRAINERS IN SFAX (TUNISIA) IS ABOUT TO START!

The training-of-trainers in “Advanced Scientific Knowledge of Marine Environment” targeting young professionals and researchers is about to start! It will take place **from October 21st to October 25th 2019 in Sfax (Tunisia)**. The aim is to **share knowledge and scientific expertise** on methods and **modeling tools for assessing environmental impacts in the marine sector**. The participants, the **international level lecturers** and the hosting institution ([Uni Sfax](#)) are preparing to start such a challenging and interesting experience!

ADVANCED TRAINING IN TRIESTE (ITALY) HAS JUST ENDED. A GREAT EXPERIENCE AND OPPORTUNITIES DISCLOSURE!

The first advanced training session - “Sea governance and blue growth: balancing sustainable use and conservation through Marine Spatial Planning (MSP) in the field of fisheries and aquaculture” - of Deep Blue project has just concluded. The training gathered 18 experts on MSP and fisheries governance from public and private sectors from all the Mediterranean basin. It was a great opportunity to expand their network and gain new skills and knowledge on the utility of MSP in fishing and aquaculture.

SAVE THE DATE!

EUROPEAN MARITIME & FISHERIES FUND INFO DAY

25 November 2019

Albert Borschette Congress Center, Brussels, Belgium

[EMFF Info Day](#) will take place on **Monday 25 November 2019 at Albert Borschette Congress Center, in Brussels**. New blue economy call will be presented in a series of presentations organised by [EASME](#) and the [Directorate General for Maritime Affairs and Fisheries of the European Commission](#). The aim of the Info Day is to present **funding opportunities** under the **2019 "Blue Economy Window" call for proposals** and to attract new applicants and potential beneficiaries. Our project advisers will be on the spot to answer your questions. You will also have the opportunity to hear testimonials from a successful company that benefited from the European funding in the previous years. You will also have the opportunity to take advantage of the **matchmaking session** and meet your potential partners, stakeholders and other professionals in the field of blue economy.

Co-funded by the European
Maritime and Fisheries Fund
