Europe Aid/167744/DH/ACT/MULTI-4PARTNERSHIP FOR SUSTAINABLE CITIES 2020 – LOT 4:
PARTNERSHIP FOR SUSTAINABLE CITIES IN THE SOUTHERN AND EASTERN NEIGHBORHOOD

Project code: NEAR-TS/2020/422-410 - CUP C69J20001020006

Project: Nicosia Initiative - REBUILD: Research and Education Building Urban Institutions for Local Development

INTRODUCTION TO OGS

The National Institute of Oceanography and Applied Geophysics - OGS is a public research institute governed by the Italian Ministry of University and Research (MUR). OGS operates internationally in the field of marine and earth sciences including oceanography, geophysics and seismology. The institute aims to safeguard and improve the environment and natural resources and focuses its efforts on the assessment and prevention of geological, environmental and climatic risks, as well as spreading scientific culture and knowledge.

OGS structure for international cooperation and research promotion (ICAP) is dealing with sharing knowledge, building partnerships, fostering international mobility and collaborations and promoting higher education activities through the tools of Science Diplomacy and Capacity Building.

PROJECT DESCRIPTION

REBUILD is a decentralized cooperation project. It aims at strengthening local public services in Libya through a training system provided by Libyan universities to Libyan municipalities. There are three main activities:

- training of trainers, from Libyan universities to Libyan municipalities;
- the establishment of a community of practices;
- 2 pilot projects on fishing and waste management.

For the execution of the actions and activities of the Pilot Activity on Fishery (4.1) "REBUILD" Project, the Friuli Venezia Giulia Autonomous Region, through the International Relations and European Planning Service, has signed an Agreement with the OGS in order to jointly pursue, each for their own competences, the achievement of the objectives project, aimed at promoting a pilot action of the fishing sector to support the development of the fishing industry in the Libyan coastal municipalities of Tripoli, Benghazi, Sirte, Zliten and Tobruk in Libya.
